

Gail's bio

Gail Tully, BS. CPM, CD(DONA) DONA Gail is the creator of Spinning Babies and a Certified Professional Midwife. She had a small homebirth practice in Minnesota, where she continues to serve on a midwifery board and an ethics committee. She has been a doula trainer (DONA approved) and doula program coordinator and consultant. Past community work has involved promoting doula care through the founding of the Childbirth Collective, now one of our nation's largest doula network groups. She has also consulted and trained with several local doula programs including colleges, hospitals and social service agencies. Gail developed the

Spinning Babies concept in the year 2000. She has been published in Midwifery Today and The International Doula. Gail formed Maternity House Publishing for her booklets and future DVDs. She also publishes www.SpinningBabies.com. She is a wife and mother and enjoys writing, walking and gluten-free baking.

Gail is cited on shoulder dystocia in Holistic Midwifery Vol. II and published in

Midwifery Today, Summer 2003. "Belly Mapping; Using Kicks and Wiggles to Predict

Posterior Labor" appeared in International Doula Volume Number 2004. Articles on

Belly Mapping for midwives and Opening the Brim appeared in Midwifery Today Winter 2011 and Spring 2011, and Breech in 2013 She has presented to DONA,

Lamaze, MANA and ICAN's national conferences.
